

## The Venu - OTE Academy

At the modern facilities of OTEAcademy, which covers 18.500m<sup>2</sup>, services for hosting events, company meetings, conferences, training programs and workshops are provided with flexibility and functionality, transferring in practice OTEAcademy's experience in customer services. The fifty multipurpose training rooms, the two amphitheatres, the ten PC labs and the outdoor area, can suitably adjust to support all kinds of events. Free Wi-Fi and state of the art audiovisual equipment provided in all areas. Furthermore, high standard catering services and technical support offered throughout the duration of the events. All the above, combined with the easy access to the premises and sufficient parking for 200 vehicles, transform the visit to OTEAcademy into an unforgettable experience.
